FOR IMMEDIATE RELEASE

MANAGING DIRECTOR OF HA&W WEALTH MANAGEMENT NAMED TO NABCAP LIST OF ATLANTA'S PREMIER WEALTH ADVISORS

ATLANTA- (September 9, 2011)- HA&W Wealth Management, a financial planning and services firm with a focus on wealth management and retirement, announced today that the firm's Executive Vice President, Nick Bhandari, has been named to the National Association of Board Certified Advisory Practices (NABCAP) list of Atlanta's Premier Wealth Advisors for 2011. The list was published today by the *Atlanta Business Chronicle.*

"It is an honor to be named a Premier Wealth Advisor in Atlanta," said Bhandari. "Every day I strive to provide excellence through client service with an emphasis on each client's unique circumstances."

Bhandari has been HA&W Wealth Management's leader since 2002. He assists high-net-worth individuals and families with a range of needs, from achieving financial independence to preserving wealth through comprehensive risk management and planning. With a background in employee benefits, deferred compensation and stock option/incentive plans, Bhandari helps clients navigate complicated issues to ensure that each client achieves his overall financial goals. As a Certified Financial Planner, Bhandari provides objective, unbiased advice to his clients. Bhandari earned his Bachelor of Science degree in Management from the Georgia Institute of Technology and his Masters of Finance from Suffolk University.

NABCAP's primary focus is serving the needs of the investing public by identifying top wealth managers. To accomplish this, NABCAP and its board of directors created an unaffiliated evaluation process to assess 20 categories of practice management. Advisors participate by submitting an online questionnaire, and a multi-step verification process uses independent resources to assess the accuracy and truthfulness of the information submitted by participating advisory practices. NABCAP's unique methodology is primarily objective, not subjective, which helps add transparency to the process. The organization's list is not merely defined by assets under management , revenues produced or popularity, but instead attempts to identify top advisors regardless of size, firm or affiliation.
